PROFESSIONAL SUMMARY

I work at Spirhed as a Senior Cybersecurity Consultant. I design and implement Microsoft security solutions and run technical pilots across Sentinel, Defender XDR, Entra and Intune. Before Spirhed, I built Crayon's MDR service from zero and led Security Operations for six months. Earlier roles covered incident response, threat hunting, identity security and KQL across Sentinel and Defender XDR.

CORE SKILLS

Microsoft Security architecture • Microsoft Sentinel • Defender XDR • KQL • Incident Response • Threat Hunting • MDR service design • Azure Security • Identity & access (Entra ID)

CERTIFICATIONS

- Microsoft Certified: Security Operations Analyst Associate (SC-200)
- Microsoft Certified: Azure Fundamentals (AZ-900)
- NSM ICT Security Principles (Norwegian National Security Authority)
- Vocational Certificate in ICT Services

PROFESSIONAL EXPERIENCE

Senior Cybersecurity Consultant

Spirhed Norway AS | April 2026 – Present | Moss, Norway

- Design and implement Microsoft security solutions for Norwegian customers.
- Run technical pilots across Sentinel, Defender XDR, Entra and Intune.
- Develop security-monitoring methods that teams can operate after handover.

Lead, Security Operations

Crayon | September 2025 – March 2026 | Moss, Norway

- Built Crayon's MDR service from zero, including the offering, onboarding and multi-tenant operations.
- Designed multi-tenant security infrastructure across Azure and M365 Lighthouse.
- Led incident response with SOC and IT teams during active threats.

Security Engineer

Crayon | March 2025 – September 2025 | Norway

- Ran incident response and threat hunts across Microsoft Sentinel, Defender XDR, and Defender for Identity in hybrid environments.
- Wrote KQL queries for forensic analysis and investigated threats across customer tenants.
- Built detection automation for triage and alert handling.

Cloud Security Consultant

Crayon | October 2023 – March 2025 | Grålum

- Handled incident response using Defender XDR and Microsoft Sentinel to contain active threats.
- Built and tuned KQL detections across customer environments.
- Ran forensic investigations with Microsoft Purview and wrote findings for stakeholder follow-up.
- Deployed phishing-resistant MFA and automated IAM policies with Terraform.

Support Consultant

Crayon | October 2022 – September 2023 | Grålum

- Supported and troubleshot Microsoft 365 and Azure environments.
- Documented issue-handling processes and internal fixes.
- Worked with senior engineers on complex escalations.

IT Consultant

Byggfakta Group | January 2022 – October 2022 | Moss, Norway

- Supported and maintained hardware and software for internal and external users.
- Maintained documentation and case-escalation procedures.

IT Consultant

Viken fylkeskommune | July 2021 – January 2022 | Sarpsborg, Norway

- Operated, troubleshot and supported school and office IT environments.
- Implemented AV solutions and configured networks for education sites.

Information Technology Trainee

Østfold fylkeskommune | August 2017 – August 2019 | Moss, Norway

- Provided first-line IT support and operations at Malakoff Upper Secondary School.

EDUCATION

Information Technology

Østfold University College | 2020–2021
